What attendees have said about Wordfast Forward

"WFF23 was my first Wordfast Forward event and it was great! An intensive immersion into the WF universe with the best experts and colleagues from all over the world. We could learn from each other and exchange our experiences in a lovely setting. The organization was amazing. WF experts were always available to help us. I look forward to the next WFF!"

"Wordfast Forward 2018 was one of the most productive and efficient events I have ever attended. An opportunity to meet Wordfast developers face-to-face is priceless; for everything else there's MasterCard :-)"
